Final product:

Option 1: Automatic French Fries Production Line for 300kg/h

Machine	Picture	Parameter	Exw price
1.Elevator		Dimension: 2400*900*1600mm Power: 0.55KW/380V/50Hz Weight:180kg  *Raw potatoes into elevator will go into washing machine for cleaning. *Schneider Electric brand used, *Japan's Mitsubishi inverter, *adjustable speed motor. *304 Stainless Steel 2mm	2300USD

<p>2.Washing peeling machine</p>		<p>Dimension:2800*850*1400mm Power: 4.37KW/380V/50Hz Weight:630mm</p> <p>*Potatoes through the screw propellers automatic discharge, peeling time can be adjusted. *There are 9 rollers inside. *Used frame 50 * 50 * 3mm; *High quality 304 stainless steel tube and stainless steel; *2mm stainless steel 316 bearing; *6mm lateral plate; *Schneider Electric brands *The circulating filtration tank at the bottom can effectively save water</p>	<p>6700USD</p>
<p>3.Picking line</p>		<p>Dimension:2500*900*800mm Power: 0.75KW/380V/50Hz Weight:280kg</p> <p>*Potatoes finished off the skin after entering this device and then manually pick what to see there is no bad or substandard potatoes, or do not wash the skin, do some processing. *PVC high quality food grade conveyor belt,Safe and hygienic, in line with food requirements *High quality 2mm 304 stainless steel *Motor is adjustable speed *The bearing block is FL206 stainless steel *The bottom corner is made of 304 stainless steel *Height is adjustable</p>	<p>2000USD</p>
<p>4.Potato cutting machine</p>		<p>Capacity:600kg/h Power:1.1kw Voltage:220V/380v Dimension:950*900*1000mm Cutting Size:3-10mm Weight:110kg</p> <p>*Qualified potatoes are automatically entered into cutting machine after the selection line, and can continuously completes the cutting work *Schneider motor *Blades:High speed stainless tool steel *Plate:High quality aluminum magnesium alloy material * Other part 2mm 305 Stainless steel</p>	<p>1750USD</p>
<p>5.Elevator</p>		<p>Dimension:2200*900*1600mm Power: 0.75KW/380V/50Hz Weight:330kg</p> <p>*The mesh belt is 304 stainless steel *Mesh diameter 3mm *Used frame 50 * 50 * 3mm; *High quality 304 stainless steel tube and stainless steel; *2mm stainless steel 316 bearing; *Motor is adjustable speed</p>	<p>2000USD</p>
<p>6.Impurity Removing Machine</p>		<p>Dimension:2000*800*1300mm Power:2.2KW/380V/50Hz Weight:500kg</p> <p>*By setting the distance gap between the roller and the roller, the potato strip will move forward under the action of roller,the leftover materials and unqualified potato chips will leak out between the rollers *Brush is high quality nylon,meet food requirements</p>	<p>5600USD</p>

<p>7.Rinsing machine</p>		<p>Dimension: 3000x1000x1300mm Power: 5.25KW/380V/50Hz Weight:800kg</p> <p>*Qualified potato strip from above machine will fall directly into the rinsing machine, wash the potato chips by turning them over with air bubbles, will remove the surface starch, equipped with clean water secondary spray cleaning function</p> <p>*Motor is adjustable speed *2.5mm 304 stainless steel *belt mesh is 3mm *width of belt is 600mm</p>	<p>5800USD</p>
<p>8.Blanching machine</p>		<p>Dimension:4000x1000x1300mm Power:100kw Weight:1400kg</p> <p>*inhibiting enzyme activity in potato, keep the original fresh color, improved cell softness, conducive to water evaporation</p> <p>*Temperature is adjustable *304 high quality stainless steel *stainless steel 304 bearing *600mm width belt, 3mm mesh *Belt motor is adjustable speed *The insulation layer thickness is 50mm *Electrical components are schneider brand</p>	<p>10530USD-Electric 11900USD-Gas</p>
<p>9.Vibration De-watering Machine</p>		<p>Dimension: 1800*1230*1020mm Power: 0.5KW/380V/50Hz Weight:230kg</p> <p>*Under the high frequency vibration of the vibrating motor, the moisture on the surface of the potato strip is fully removed, and the material moves forward into the air cooling machine under the vibration state</p> <p>*3mm 304 SS *High quality 304 stainless steel square pipe *Breadth is adjustable</p>	<p>2900USD</p>
<p>10.Air cooling machine</p>		<p>Dimension:3500x900x1600mm Power:7.1KW/380V/50Hz Weight:700kg</p> <p>*304SS *Siemens adjustable-speed motor *The belt form is 4 turn form *Width of belt:600mm *8 fans,height of fan is adjustable * Water collection plate at bottom</p>	<p>5950USD</p>
<p>11.Elevator</p>		<p>Dimension: 2000x700x1300mm Power: 0.55KW/380V/50Hz Weight:180kg</p> <p>*adjustable speed motor. *304 Stainless Steel 2mm *The bearing is stainless steel 316 *motor speed is adjustable</p>	<p>2250USD</p>
